Failure to do so may endanger themselves and others and could result in disciplinary action being taken in accordance with Point 6 of the constitution.

25. Authority

26. Kids Coaching (2009 AGM)

Kids coaching is an asset to the club, and works in line with paragraph 3 of the constitution. It also had the effect of bringing the club together and creates a good social environment for the members.

Time: Every Other Sunday Morning from 10:00am – 14:00
(Beginning First Weekend of May in every Year, continuing until Beginning of September every year – subject to change upon notice)

No other boats are to operate on the lake during Kids Coaching.
Coaching is only to be provided by Qualified BWSW Coaches.

Kids should wear a helmet whilst in Coaching – to be provided by parents.
(If parents are happy for their child not to wear a helmet during coaching, they must sign to confirm this)

Parents are to bring their own boat to the Coaching sessions, so that Parents can be taught how to drive for their child to help progress further outside of coaching.

Where possible, we ask that in the time before Kids Coaching (7:00am – 10:00), if there are boats queuing, could all children let the adults have a ski, and wait for Kids Coaching to commence before skiing. This is to allow as many members as possible to enjoy the flat Sunday morning water, before the restrictions take place.

The BWSW Recommendation is that boats operating in crowded narrow waters should only overtake at a NO WAKE speed, therefore it is practical to say that there should be NO OVERTAKING on the lake when more than one boat is operating. It is acceptable to pass a boat that has stopped to retrieve fallen skiers providing you keep a safe distance from both the fallen skiers and the boat, and signal to both the skier and Driver that you have seen them.
